**Re: Notice of Oral Ex Parte Presentation  
WT Docket No. 11-49**

Dear Ms. Dortch:

On behalf of the Wireless Internet Service Providers Association (“WISPA”), on May 21, 2013, I spoke by telephone with Courtney Reinhard, Legal Advisor to Commissioner Ajit Pai, to discuss the above-referenced proceeding. I expressed WISPA’s view that, based on the throughput reductions shown in the joint test report filed by Progeny LMS, LLC (“Progeny”) and WISPA, the Commission should require testing of additional Part 15 devices. I further explained that any condition on Progeny’s authorization should require cooperation with fixed wireless broadband providers and should extend to all areas of the country, not just undefined “rural” areas as proposed by Progeny. I further stated that Progeny should provide advance notice of where it intended to provide service so that Part 15 users could identify Progeny as a potential source of interference once its operations commenced.

Pursuant to Section 1.1206 of the Commission’s Rules, this letter is being filed electronically via the Electronic Comment Filing System in the above-captioned proceeding.

Respectfully submitted,
